Managers' Report

June 18, 2026

Safety

- OSHA recordable (Document on an internal log) injuries year to date = 1
- OSHA reportable (Severe injuries reported to OSHA) injuries year to date = 0

Training and Conferences

- Seasonal Employees, and Trevor attended spring workshop at Salt Lake Mosquito Abatement District.

Facilities

- No new report

Equipment

- Foggers are being calibrated.
- We are working on a design for a new slide gate on our hand blowers to be able to use more long-term products without changing hoppers or flow plates.
- Drone program has a generator and battery charger to charge batteries in the field. Flight time on a battery is approximately 15 minutes, to utilize the drone on larger areas field charging is crucial for us.

Operational

- T-10 drone is operational and has been a very valuable asset.
- Drone sources are being mapped to expand areas of use for drone.
- Minimal flooding from the spring river events, we were able to treat the river corridor without the fixed wing aircraft.
- Storm drains were treated on June 10th as a group effort.
- Drier year than normal. Seasonals are reporting that they are getting through their area's easier than in previous years

Service request count

- Year to date = 32

Mosquito Counts

- N/A

Mosquito Borne Disease

- Pools sent to the State Lab for Testing = 8 Positive Pools = No results yet
